Thanks Steve. Rang twenty10 today to explore some ideas. At a basic level, we all need it, teachers and children included. But can twenty10 deliver? Will the school accommodate? Will keep you updated.

HI Sonam – I like the idea. Who would be included in the session – teachers/ parents/ children – everyone? I could include your email as correspondence ... in practical terms I think a session like this would probably have to be organised for early next year... think it would be a great step forward though...

Steve

Subject: Twenty10 on PnC agenda item

Dear Steve,

A colleague of mine who is a trans* woman suggested to me today about inviting Twenty10 to Yeo Park school to conduct onsite information and training session to enhance our understanding of gender diversity and inclusion. Given how the topic is being debated at the moment among our school community, I was wondering if the PnC will consider adding such an item to its agenda as a matter of urgency and invite Twenty10 to conduct a session on how the school environment may be made more friendly to gender diversity.

Twenty10 is a community-based, non-profit, state-wide organisation, working with and supporting people of diverse genders, sexes and sexualities, their families and communities. They aim to be a beacon of strength and acceptance by supporting individuals to build resilience and achieve their potential and we strive to be known as a place of excellence in leadership, education and support services for young people and adults wherever they are.

Address: Level 1, 45 Chippen Street, Chippendale

PO Box 78,
